Subsequently I did discuss the matter in detail with Earl Morgan in Roback's absence. Mr. Morgan indicated that Roback had been somewhat disturbed that we had not consulted them directly but with the additional background Morgan seemed to understand the way we approached the problem and assured us he would assist us in any way possible. He said that he is dealing with Rein Vander Zee who is acting as Administrative Assistant to Representative Carter and is a former member of the FBI and that he (Morgan)

3. Met briefly with Bob Smart and inquired when the Kilday Subcommittee of House Armed Services might be meeting again. He said Mr. Kilday was anxious for a meeting and they might arrange a further session within the next month. I also thanked Mr. Smart for his assistance in taking up [redacted] with Mr. Kilday.

5. Richard Bray advised that the reports of the Porter Hardy Subcommittee would be available today and copies would be forwarded. This report deals with the Lane situation. Mr. Bray said that Porter Hardy wished it known to the Agency that he was most appreciative of our cooperation and assistance in the conduct of the investigation and its cooperation with the staff. Mr. Bray persuaded him from writing a letter to this effect.

6. Legislative Counsel spoke to William Connell in Senator Hubert Humphrey's office who said that [redacted] is known to the Senator and does see him occasionally to discuss Middle East matters. However, he is not professionally associated in any way and Mr. Connell thought the relation was solely a slight one. If there is anything to the contrary Connell will advise.

9. Met with Gardner Turner at his request. He said a friend of Senator Styles Bridges was interested possibly in association with the Agency. I have agreed to furnish to Mr. Gardner recruiting pamphlets, application forms, and selected speeches of the DCI. (This was done 15 June.)

10. Ben Mandel of the Senate Internal Security Subcommittee staff called and referred to a Joseph Alsop article which appeared in today's Washington Post under the dateline "London." In the article Alsop refers to a study allegedly conducted by Brigadier Anthony Head, Great Britain's former Minister of Defense. Head's study is concerned with Communist methods in the struggle for uncommitted countries. Mandel said he would "give his eye teeth to get a copy of this." He was advised that we did not have the study but were also very much interested in it.

Talked with Colonel Cain concerning Mandel's call. He is making available to us for Mandel several FDD summaries on the subject of Communist schools in various countries mentioned in Alsop's article.

11. Advised [redacted] in OSI that unless OSI had other thoughts, it was our feeling that we should not volunteer the two classified intelligence memoranda pertaining to Communist research in the field of oceanography to Representative George P. Miller. (See Journal of 3 June 1959.) [redacted] agreed to this. If Congressman Miller should request these materials at some later time we will review the matter again.
